Renier Completes Addition and Space Renovation for Atrium in Compressed Timeframe

Project incorporates energy-saving elements

COLUMBUS, Ohio – September 25, 2009 – Renier Construction turned over the keys today for the 105,000-square foot warehouse addition and 25,000-square foot converted production space to Atrium co-founder David Hirsh. The facilities are located in the Johnstown Industrial Park at 188 Commerce Boulevard in Johnstown Ohio.

Renier used the design-build approach to shorten an already tight project timeline that began with the first project meeting in March 2009. Atrium had a scheduled project completion date of October 1, 2009 but was turned over to Atrium one week early.

“Even with the large amount of earthwork necessary to level the site, we were pleased to be able to provide temporary occupancy early for one third of the new space to assist Atrium in preparing for the busy retail season,” stated Mike MacKay, Renier project executive. The \$3 million project was completed on September 25, 2009.

Motion-sensors and energy-efficient lighting choices in the building addition as well as retrofits in the original building are expected to result in a savings of 30% energy usage – amounting to about \$20,000 to \$30,000 per year.

Renier also has another design-build project in process for Thirty-One gifts in the same industrial Park. The project is scheduled for completion in late December 2009.

About Atrium

Founded 15 years ago, Atrium is a product development and manufacturing company that designs and produces apparel and apparel accessories for the specialty retail industry. Clients include Victoria's Secret, Bath and Body Works, Justice, American Eagle, Thirty-One Gifts, DSW, and Express. Atrium recently launched Campus Couture, a collegiate-licensed apparel brand with 75 collegiate licenses. The Campus Couture line is sold through Fan shops and college book stores nation-wide. Atrium expects to add between 30 and 50 additional warehouse and manufacturing jobs over the next 5 years. For more information about Atrium call (740) 966-8282.

About Renier Construction

Renier Construction is a leading design-build general contractor serving clients throughout the Midwest, Mid-Atlantic and Southeastern regions from its headquarters in Columbus, Ohio. For nearly 30 years, Renier has exclusively completed both new-build and renovation projects using the design-build partnering approach. The recipient of numerous awards for integrity and construction excellence, Renier primarily serves clients in the automotive, transportation, industrial, manufacturing, medical office, restaurant and multi-family industries. Renier has been a "Butler Builder" of Butler Manufacturing's pre-engineered building systems since 1984. For more information about Renier's services, projects or company contacts visit www.renier.com or call (614) 866-4580.
