

ARMOR
ASPHALT & SEALING

Integrity:
**RENIER
WORKS ABOUT AS
FAST AS I DRIVE.**

Owning a paving company, and driving a race car on weekends, I'm used to getting things done quickly and smoothly, while working around obstacles.

When I decided last fall to build a new building, I needed it done before the paving season started. Renier recognized my needs, worked quickly, and kept me informed the entire time. They finished the building ahead of schedule, on budget, and kept me very happy.

Now, with Renier's sponsorship of my car, it's like they're with me at the track,

**I JUST HOPE
I NEVER HAVE TO
RACE THEM.**

As the owner of a service company, I am very conscious about relationships. Renier works the same way I do. Even before we signed a contract, they paid attention to my needs. And after completion, they followed up to make sure everything was okay. I appreciate that.
